

Solar for Spes! Launch of phase 2

Help us bring even more abundant, clean, green, solar energy to the Sorrento Centre
www.sorrentocentre.ca

On May 1, phase one of Solar for Spes went live with two arrays of 19 panels on roof of our iconic Spes Bona building

- ⇒ In first full month, 805.98 kWh of clean, green energy was generated.
- ⇒ We generated so much power there was negative net consumption on 10 days.
- ⇒ Full cost covered by 21 individual donors, plus a grant from SASCU credit union.

Phase two: an additional 19 solar panels, plus an electric vehicle charging station - a 9.76 kW DC expansion!

- ⇒ Projected annual production will be boosted by 9,500 kWh / year.
- ⇒ Eco-friendly EV charging station will power electric vehicles.

**Please consider a donation of \$250,
\$100, \$10 or another amount:**

Call the Sorrento Centre at 1.866.694.2409 (toll-free) to arrange a transfer, credit card payment or cheque.

Donate on-line at CanadaHelps - Sorrento Centre:
