

"Where is the meeting place between the needs of the world and what I love to do?"

Imagine this: Making change in your own life and in the lives of those around you, while living in BC's beautiful Shuswap region!

Picture yourself here: Up to six young adults (18 to 25 years of age) living together for four to eight months, developing personal and leadership skills, exploring the human spirit and the greater spirit at work in the world, serving your neighbours by working in community-based organizations.

"You must be the change you wish to see in the world." - Mahatma Gandhi

Is this for you:

- Live for four to eight months, housing and meals provided, at the Sorrento Centre;
- Join with others in building community, sharing meals, living together;
- Learn and experience life together, be open to personal growth;
- Take part in learning; explore the South Shuswap mountains, trails and lakes;
- Serve with organizations that are making a positive difference;
- Earn a \$1,000 stipend as you live, learn, work and play.

"We are each made for goodness, love and compassion. Our lives are transformed as much as the world is when we live with these truths." - Desmond Tutu

Consider this: Take a "pause" from education or employment... take the time to consider your own life, the lives of those around you, and this beautiful and precious world in which we live.
